### **DETAILED ACTION**

This action is in response to the amendment filed on August 3, 2009.

#### ***Allowable Subject Matter***

Claims 1-3, 7-9, 13-14, 50, and 53-54 are allowed.

#### ***Claim Rejections - 35 USC § 101***

The rejection has been withdrawn.

#### ***Claim Rejections - 35 USC § 103***

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

The factual inquiries set forth in *Graham v. John Deere Co.*, 383 U.S. 1, 148 USPQ 459 (1966), that are applied for establishing a background for determining obviousness under 35 U.S.C. 103(a) are summarized as follows:

1. Determining the scope and contents of the prior art.
2. Ascertaining the differences between the prior art and the claims at issue.
3. Resolving the level of ordinary skill in the pertinent art.
4. Considering objective evidence present in the application indicating obviousness or nonobviousness.

Claims 16-18 are rejected under 35 U.S.C. 103(a) as being unpatentable over Hibbert (2006/0074793) in view of Schwartz (2004/0083614), as set forth in the previous Office Action.

#### ***Response to Arguments***

Applicant's arguments filed August 3, 2009 have been fully considered but they are not persuasive. The Applicant argues that claim 16 is believed patentable for the same reasons as claim 1. In response, claim 16 does not include the newly added limitations in claim 1 "determining the yield adjustment for the loan based on the at least one difference" or "determining a fee to be charged to the seller based on the at least one difference." Therefore, the rejection with respect to claims 16-18 is maintained.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
